EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Johnson on 12/19/2005.

The application has been amended as follows:

IN THE CLAIM

Cancelled the non-elect claims 22-29 and 31.

Re. Claim 32: After the phrase "inner surface of the swage boss" as recited in line 10, insert a limitation of --, the swage ball not contact the outer surface of the swage boss--.

2. The following is an examiner's statement of reasons for allowance: The prior art of record fails to claimed invention such as lubricating at least outer surface of the swage boss, wherein the swage ball does not contact the outer surface of the swage boss. The closest reference, Chung et al., teaches a process of lubricating on a swage ball, not the outer surface of the swage boss, which the outer surface of the swage boss should not be contacted with the swage ball. It is not obvious taken alone or in combination of other references fairly to suggest the claimed invention.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

3. Claims 13-21 and 32.
4. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Paul D. Kim whose telephone number is 571-272-4565. The examiner can normally be reached on Monday-Friday between 7:00 AM to 3:00 PM.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Peter Vo can be reached on 571-272-4690. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
